# Management and Control System: funds for TA

## Allocated funds in programming periods

Programming Period	Total, mEur	TA, mEur
Previous programming period (2007-2013)	6747	167
Current programming period (2014-2020)	6709	213

## Number of institutions involved in administrating EU funds

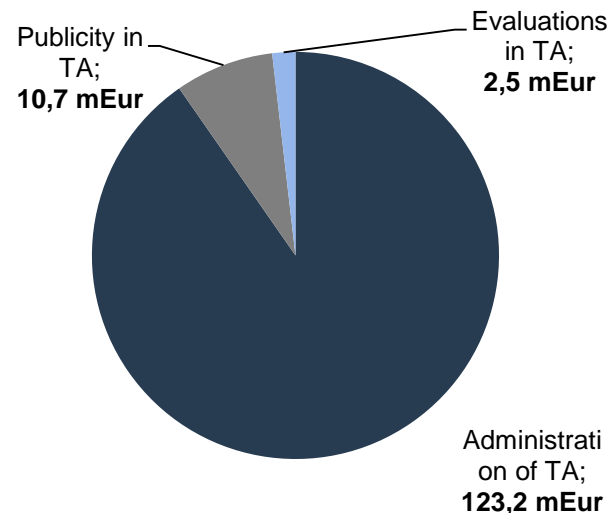

- In previous programming period TA accounted for 2.48% of EU funds, in current programming period - 3.18% of EU funds.
- TA funds grew by 27.64% comparing previous and current programming periods.
- Number of institutions increased by 10 units when comparing previous and current programming periods.

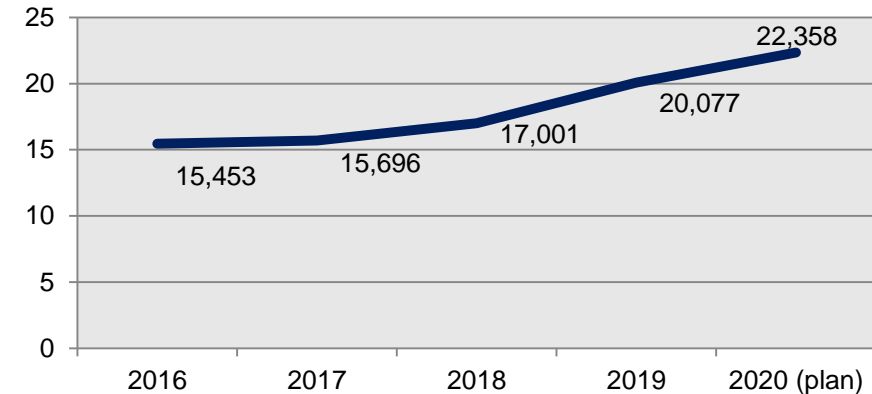

# Management and Control System: funds for TA

## Disbursements for TA by activities in 2014-2020 programming period

(from the start of the programming period until 2019 inclusive)

## Yearly disbursements to Implementing Authorities in 2014-2020 programming period, mEur

- In 2019 allocations to Implementing Authorities amounted to 67,6% of the total crossed amount.
- Disbursements to Implementing Authorities grew by 6.9 mEur (44.7%) when comparing 2020 with 2016.

# Optimizing Management and Control System

## **Aim in post2020:**

To manage TA fund considering decrease of EU funds.

## **Measures to be taken:**

- Decreased number of MCS institutions;
- Reduced administrative burden;
- Increased attention to risk management and preventive measures;
- Strengthening of national strategic planning and project development at an early stage;
- Flat-rate for TA and administrative capacity building measures.
